Thomas Wilton Passes Away at Lake Villa Home

Lifetime Resident of Town-
ship Celebrated Anni-
versary Nov. 13

Thomas Richard Wilton, 82, a life-
time resident of Lake Villa township
who was held in the highest affec-
tion and esteem by the community,
passed away at his home Sunday
morning at 1:45 o'clock, less than a
week after he and Mrs. Wilton had
celebrated their fifty-fifth wedding
anniversary.

The body lay in state in the family
residence, to which it was removed
from the Strang Funeral home Mon-
day afternoon at 5 o'clock, until Wed-
nesday afternoon at 2 o'clock, when
the services were held. The Rev.
John De Vries, pastor of the Lake
Villa Community church, officiated at
the rites, at which members of the
family and many intimate friends
gathered to pay their final respects.
Burial was in Hillside cemetery.
Ill. State Oct. 21

Mr. Wilton had been in ill health
since Oct. 27, and for that reason no
elaborate observance was held on the
deceased's fifty-fifth anniversary date,
Monday, Nov. 13.

He was born in a log cabin in Lake
Villa township, near what is now the
Peters farm, on May 15, 1862, and
was the son of Thomas and Eliza-
beth Wilton, early settlers.

On Nov. 13, 1889, he was united in
marriage with Julia Yopp at Wilmet,
Wis.

His life work was farming, from
which he had retired some years be-
fore his death.

Surviving are his wife, their two
daughters, Mrs. Joseph Rhymer of An-
tioch and Mrs. James Banks of Lake
Villa, and three grandchildren.

Color Movies of Mexico Enjoyed at H. S. Student Night

Parent-Teacher Association
Sponsors 'Travelogue'
Program

Picturesque Mexico, from its mark-
ets to its hill-forts, was shown in two
rolls of color motion pictures present-
ed at the Antioch Township High
School Parent Teacher association's
"Student Night" meeting Monday eve-
ning.

Mr. and Mrs. J. H. Pratt, Oak Park,
who showed the pictures, took turns
in describing their observations in
connection with the "Travelogue of
Old Mexico" which they presented.

Seventy-five were present, including
many of the high school students.
During a business meeting held in
the cafeteria prior to the showing of
the pictures in the auditorium, Mrs.
Leroy Himes was elected chairman
of the legislative committee.

It was also voted that the P. T. A.
charter chapters for the "Fun
Nights" held at the school on Sat-
urday evenings.

The next "Fun Night" will be held
Dec. 18. The school will be closed
this weekend for the annual Thanks-
giving vacation; a basketball game
is scheduled for the following Sat-
urday evening, and the Girls' Athletic
association will hold its annual dance
on Saturday evening, Dec. 9.

Boy Scouts Ask for All Unused Equipment

Persons who have in their custody
equipment belonging to former local
scout troops are being requested
by Frank Kennedy, Jr., scout-
master of Troop 91, telephone An-
tioch 55.

We are in need of all the equip-
ment we can secure for the use of
a new troop, Kennedy states.

The troop is sponsored by Antioch
and the American Legion.

Sequoia and Grant Basketball Meets Wed.

Antioch Township High school is
sponsoring a basketball game this Wed-
nesday evening. The Sequoia lost to
Towship High school, 21-34, in the
first game of the season, last
evening at Gurnee.

Antioch postoffice will be open
from 8 to 9 a. m. Thanksgiving
morning. Postmaster Roy I. Ku-
per.

Waukegan Officials Say 'Thanks' for Antioch Aid

The appreciation of the Waukegan
fire department for assistance given
by the Antioch Rescue squad and
members of the Antioch fire depart-
ment at the recent fire in the Blum-
berg building at Genesee and Lake
streets is expressed in letters from
Mayor Frank G. Wollin and Fire Chief
Thomas McNamara of Waukegan.

The letters state that the aid given
by the Antioch men, who took with
them the mobile floodlight equipment
belonging to the Rescue squad, proved
"most helpful in extinguishing a fire
that might have taken the entire
area," and express appreciation for
the aid.

The Waukegan department Friday
announced the acquisition of its own
mobile floodlight system, to be mount-
ed on an emergency truck donated
by 10 organizations in that city.

Lake Villa Goes "Over the Top" on War Fund Campaign

Over-Subscribes Quota of
\$1,000 by More Than
\$300, Says Reinbach

Lake Villa community, which had
a goal of \$1,000 set for its War Cam-
paign fund, has gone "over the top,"
with more than \$1,300 collected so
far, it was announced this week by C.
W. Reinbach, chairman.

Chairman Reinbach expressed
thanks to the community and to the
committee workers, who included the
following:

The Rev. John De Vries, vice chair-
man; Kenneth Hart, treasurer.

Mmes. Roy Crichton, William
Weber, Axel Tegen, Gus Swanson,
George Pollard, William Mars, Dor-
othy Seedorf, Kaurin Karolus, Her-
man Wolf, Charles Madsen and Earl
O. Hucker.

Miss Janice Kappale.
Messrs. Ben Snyder and Arthur
Bennett.

War Fund is Under
Quota, Says Rosing

Only about \$800 of Antioch town-
ship's \$2,000 quota for the War fund
campaign has been received so far,
Chairman William M. Rosing announced.

Persons and organizations planning
to contribute to this fund are being
asked by Rosing to turn in their dona-
tions as soon as possible, so that the
campaign may be closed here this
week.

Contributions may be mailed or
brought to Rosing at the Antioch
Ford garage. Checks or money or-
ders may be made out to the War
Fund Campaign.

Give Christmas
Gift Hints For
Hospitalized Vets

Suggestions as to types of pack-
ages desired for the "Gifts for Yanks
Who Gave" program have been of-
fered by the Antioch American Leg-
ion post and auxiliary.

Each purchaser of a gift should en-
close a card giving his or her name
and address.

No foodstuffs should be sent, as
some of the patients who will receive
these gifts are on special diets.

Suggested gifts are books; toilet-
tries; things to wear, such as sleeveless
sweaters, Tee shirts, nice handker-
chiefs, handkerchiefs, good quality socks,
bedroom slippers; stationery and
games; pipes, smoking tobacco, cigar-
ettes; miscellaneous gifts such as iden-
tification bracelets, sun glasses.

Packages may also be made up for
service women, and while this is not
stipulated, it is believed by the Leg-
ion that it would be advisable to
mark packages destined for them to
that effect.

To eliminate the possibility of one
serviceman or woman receiving a 10-
cent article and another a \$10 arti-
cle, the price range of the gifts has
been set at between \$1 and \$5.

Dec. 10 is the local deadline set for
receipt of packages. Reman B. Vos
and John L. Horan have been appoint-
ed by Commander Swenson as the local
committee.

Merchant Marine Still Seeks Additional Men

The enlarged scope of war activities
is creating a serious need for men to
operate the ever-expanding merchant
fleet, Commodore Telfair Knight, of
the U. S. Maritime service states.

Many thousands of volunteers, 17 to
50, are needed within the next few
months, he declares.

The acute situation is emphasized
by the fact that National Selective
service recently gave the U. S. Mari-
time service permission to seek volun-
teers from 17 to 50, whereas previous-
ly, men 18 through 28 could not be
accepted. There are U. S. Maritime
service recruiting officers for both
men and officers in all major cities.

"As our victories grow in number,
as more allied forces launch inva-
sions, our supply and shipping job
grows in size," Commodore Knight
said. He pointed out that on opera-
tion such as General MacArthur's re-
cent invasion of the Philippines
"could not possibly succeed without
the support of hundreds of merchant
vessels to move in with equipment,
supplies and troops."

Furthermore he added, shipbuilding
efforts still are in full swing, with at
least five new vessels completed each
day, calling for five additional crews
and officer staffs each day.

A meeting of the Antioch Lions
club will be held Monday evening at
Hans and Mabel's, Loon Lake.

Antioch 4-H Club Members Are Cited for Achievements

Alan Thain of Antioch was one of
11 Lake County 4-H members selected
as state project honor members at a
4-H Club Achievement program held
in Libertyville High school Saturday
evening with 600, including 4-H boys
and girls, their leaders and parents,
attending.

Thain was selected on the basis of
his studies in wild life conservation.
The Antioch club, with 59 members
enrolled is the largest agricultural
club in Lake county. C. L. Kuttil is
its leader. There are 41 4-H groups
in the county, with 674 girls and boys
enrolled in them.

Among the 36 girls awarded certifi-
cates as state project honor members
were June Kuttil of the Antioch Aces,
Magdalene McCaw, Mary Ann Poul-
son, Beverly Hansen, Joan Anderson,
Cedar Lake 4-H club.

West Point, Annapolis
Exams Set for Jan. 6

Antioch Post No. 748 of the Amer-
ican Legion is interested in learn-
ing whether any young men of this
community are eligible to take the
examinations for Annapolis and West
Point. It was announced early this
week by Commander F. A. Swenson.

These examinations will be held in
Bloomington, Ill., High school on Sat-
urday, Jan. 6, at 9 a. m. Two candi-
dates and six alternates will be se-
lected for the U. S. naval academy at
Annapolis and three candidates and
nine alternates for the U. S. military
academy at West Point.

Candidates will be required to pass
a satisfactory examination on general
mathematics, American history, gen-
eral science, vocabulary and literary
comprehension, and to take a general
intelligence test. Examination papers
are machine scored by the University
of Illinois.

The Annapolis candidates must be
not less than 17 nor more than 21
on April 1, 1945, and from 5 feet 5 1/2
inches to 6 feet, 4 inches in height;
West Point candidates must have
reached their 17th, but not their 22nd
birthday as of the date of admission,
July 2, 1945, and be not less than
5 feet, 6 inches in height. No mar-
ried person, or person who has been
married, is eligible for either school,
it is announced.

Each applicant must present a phy-
sician's certificate demonstrating his
physical fitness for admission.

Three from This Region Enter Armed Service

Donald Carl Johnson, Antioch;
Lowell Miller Reidel and David Clar-
ence Bennecke, Lake Villa, are among
the 21 men inducted from Lake Coun-
ty Boards 2 and 3 this past week. All
were placed in the army.

Jack Neuman, Aurora, well known
Butler paper representative who has
been calling at the Antioch News of-
fice over a period of many years, has
received word that his son, Jack C.
Neuman, has been wounded in action
in the Philippine area.

The
Observer

Then in comes Bert Roberts from
Merry Glen, Lake Marie, and tells us
he has planted enough fish to fill 27
fish cans in the channel leading to
his boathouse. The fish were of sev-
eral varieties—blue gills, crappies,
pickerel and bass. Bert said.

Despite the fact that a record-
breaking number of turkeys were
raised in the United States this year,
there are not enough to meet all
civilian wishes at Thanksgiving. The
armed forces were given preference
in purchasing turkeys, and only since
Nov. 5 have the birds been available
through ordinary trade channels.

The supply of roasting turkeys is
expected to be larger for the Christ-
mas holidays. A large stock of chick-
ens and considerable numbers of
ducks and geese will help furnish
roasting fowls for the domestic
Thanksgiving trade.

The scarcity of hired help on Illi-
nois farms this fall was offset to a
considerable degree by ideal weather
for harvesting corn and soybeans.
Farmers exchanged work with each
other, and made the fullest possible
use of modern machinery. Throughout
most of the state, soybean combining
is finished and corn husking is large-
ly completed.

An Illinois yield of 71,400,000 bush-
els of soybeans is the largest ever pro-
duced. The crop is of high quality.
The state's 1944 production of other
leading crops, as reported by Illinois
and U. S. departments of agriculture,
follows: corn, 419,934,000 bushels;
oats, 100,390,000 bushels; winter
wheat, 25,461,000 bushels; tame hay,
3,420,000 tons.

We're getting a little behind on our
horticultural and floricultural notes.
However, we understand that Mrs.
Jens Juergensen picked a full-grown
rose and a couple of rosebuds from
a bush at her home on the north side
of Fox Lake, the yuther day. She
had lots more buds on the bush, too,
we bin told.

A sudden flurry of snow Tuesday
afternoon helped to create a Thank-
sgiving atmosphere this week. You
know the old song—"Over the River
and Through the Woods."

T/5 John Maple, in action at Stol-
berg, Germany, tells War Correspond-
ent Hal Boyle—"We've been here so
long I feel at home—but not much."

E. J. Sletten of Waukegan to Be Cashier at Bank

Will Succeed Late H. A.
Smith at First National
Starting Dec. 1

E. J. Sletten of Waukegan has been
engaged to succeed the late Harold
A. Smith as cashier of the First Na-
tional Bank of Antioch, it was an-
nounced Monday by C. K. Anderson,
president. He will enter upon his new
duties Dec. 1.

"Sletten comes here highly recom-
mended," President Anderson states.
He has had years of banking experi-
ence in nearby cities which should
prove particularly valuable to him at
Antioch. We feel that we are most
fortunate to be able to secure his
services at this time.

Had Wide Experience
Sletten has had six years of
experience as assistant cashier of
the Gilman State bank and as auditor
of the Waukegan National bank. He
was assistant national bank examiner
in the Seventh Federal Reserve dis-
trict, and served as chief clerk and
liquidator in the receiverships of the
Waukegan National bank, the First
National Bank of Wilmette, Palatine
First National bank, Niles Center
bank, and the U. S. National Bank
and Trust company, Kenosha.

He also assisted in opening receivers-
hip books and first reports on the
First National Bank of Oregon, Wis.;
Farmers' National bank, Lake Geneva;
First National Bank of Darlington,
Wis.; First Lake County National
Bank, Libertyville, and the Rogers
Park National bank, Chicago.

Since June, 1942, he has been act-
ing as chief accountant in a defense
plant.

He and Mrs. Sletten, and their 16-
year-old son, who is a senior in the
Waukegan Township High school,
plan to move to Antioch later in the
year.

We Still Have Considerable to Be Thankful for—Haven't We?

As we have looked over the general situation during the past several years, we have seen quite a few things that haven't exactly filled us with joy.

We have seen such appalling savagery as we had not believed could be possible; our hearts have been wrung by such wide-spread suffering that it taxes one's credulity; we have seen millions of our young men go away to war in far countries, and many workers who had thought their days of toil were over have stepped back into harness to carry on their duties until the young men come back; we have seen this nation take on such a burden of warfare as it has not carried for a century, and we have seen it slowly, but surely, turn the tide of warfare toward victory.

We have come to think of the "Pilgrim fathers"—not to mention the Pilgrim mothers and Pilgrim children—as dour, sour people who found little joy in life.

However, as we read the old accounts of that first Thanksgiving Day, we see instead a very human little group of people who had lived through danger, privation and illness giving Thanks to God that they were still alive and had food to eat—and inviting their Indian neighbors over to join in the feast made possible by the abundance of autumn.

They were living on a strange, savage coast on the edge of a vast wilderness; they had few of the comforts and none of the luxuries of civilization; the past had been one of hardship and they did not know what the future would hold for them—but they sat down and thanked God for the blessings they had that day. Being practical people, they apparently saw no reason for grieving on that day for the past that could not be re-lived, nor for the future that could not be lived in advance.

Now, many of us have felt during the past few years a sense almost of guilt—or maybe just a sense of downright guilt—that we could not share more of what we have with those who have been suffering, or that we were not carrying a bigger share of the burden that has been thrown on our fighting men.

But perhaps on Nov. 23, which has been proclaimed Thanksgiving Day in Illinois, or on November 30, which will be observed over the state line in Wisconsin, we can still give thanks for all that we have been able to do, and we can be grateful that out of its abundance this country

may be able to continue in the future to alleviate some of the sufferings of the victims of war.

Thanksgiving, after all, was never intended as a day on which to lament over the blessings we don't happen to have at the time—but rather, as a day on which to express appreciation for whatever blessings we may have had.

Quotes of the Week

"He used to be afraid of the dark!"—Mother of Pvt. James Mills, 21, Fort Meade, Fla., awarded Congressional Medal of Honor for heroism.

"They scared the daylight out of me!"—Ex-Capt. Clark Goble, escaping from 500 women admirers in Hollywood.

"I'll listen pretty much—and of course vote!"—Congresswoman-elect Helen Gahagan Douglas, of California.

"American industry must speak up to convince the people who look to business for leadership that it has leadership."—Malcolm Muir, Newsweek publisher.

"No international trade is worth the name unless both the buyer and the seller profit."—Robert Gaylord, pres., Nat'l Ass'n of Manufacturers.

"It took me eight years to influence a woman to marry me!"—Dale Carnegie, at his nuptials in Tulsa, Okla.

"I wanted to be the shortest man in the Army."—Pvt. Stanley Zelenstein, 4 ft. 10 1/2 inches tall, of Peoria, Ill., who finally made it.

"Intelligent use of surplus stocks of government-owned aircraft equipment, as working tools for educational and technological aviation development, can be one of education's most valuable contributions to America's future air power."—Pres. E. R. Broech, Bendix Aviation Corp.

"She fell on her head as a child."—Brooklyn mother explaining why bigamous daughter married three men.

"The burden of proof is on the bureaucrats to demonstrate that any of the abnormal wartime restrictions on industry and labor should be perpetuated."—M. S. Ruker, economist.

From somewhere in the Philippines comes a letter written by Sgt. Peter P. Smith.

"I received a copy of the News yesterday. In this issue I noticed my name being mentioned as being added to your APO mailing list. I really appreciate that, as I am very much interested in what's happening out Antioch way."

"I've had some very interesting moments so far in this campaign. Come to think of it, though, I think it's a lot safer here than being on the Grass Lake on the opening day of the duck season. Have been overseas 23 months, and sure would like to draw a bead on a few of those mallards back home."

"My regards to all my friends back there."

Vivian Daley, Y 3/c, has been spending an 8 day leave with her parents, Mr. and Mrs. F. J. Gabala, Salem, Wis.

One of the "home town boys," Cpl. Bob Gross, sends some sympathy from France, and also qualifies for some in return.

"I guess this changing of address is much worse for you than it is for us. This is my seventh address since I've been here, but I guess you're way up in the hundreds or better."

"It sure is swell to receive the paper. After I finish reading it from front to back, I pass it around. It gets a good going-over, too, as many of our men are from Chicago, and were summer visitors at Antioch."

Cpl. Gross' newest address is APO 228, New York 4.

S/Sgt. Lorraine O. Pape arrived home last Thursday from Alamogordo, N. Mexico, to spend her furlough with her parents, Mr. and Mrs. Henry Pape.

Sgt. Leonard Schaffner weakens at times, although he confesses that his lot has its pleasant aspects. Writing from New York APO 862, he says:

"We have very comfortable barracks. I think the best I ever saw. They say the weather here is very changeable and as a rule, damp. But I guess I could be in a lot worse places. I know that as far as the navy boys are concerned, they can have the sea. I don't know when I felt so bad as I did coming up here. Maybe I am a sissy or something. And I was not alone."

"Had a bottle of native beer the other day, but I'll take the good old U. S. A. beer."

"Will close for this time. Wishing you all a Merry Christmas and a Happy New Year!"

Air medal and an Oak Leaf cluster to it, it has been announced at headquarters of the A-20 Havoc group of the Twelfth Air force, which he served as gunner.

"The citation for the Air medal reads: 'For meritorious achievement while participating in an aerial attack on a large enemy fuel dump at Vada

Ligne, Italy, on July 26, 1944, which resulted in the destruction of huge quantities of vital fuel and heavy damage to other military installations. In contributing to this outstanding achievement in precision bombing, the personal courage, professional skill and devotion to duty displayed by each crew member reflected highest credit upon the military service of the United States."

"Sergeant Palaske is a veteran of 37 combat missions over enemy territory."

"A graduate of Antioch Township High school, class of '38, he after attending Northern Illinois Teachers' college for two semesters, joining the Army Air forces in October, 1942, he attended gunnery school at Harlingen, Tex., and armorers' school at Lowry field, Colo., before going overseas in April of '44."

PFC. CHARLES ANDERSEN CONVALESCING IN ITALY
Pfc. Charles Andersen, Jr., who was wounded in France Oct. 26 is now in a hospital somewhere in Italy, according to information received by his wife and by his parents, Mr. and Mrs. Charles Andersen of Antioch. Charles received wounds in his upper right arm, which is in a cast, and right hip. He is getting the best possible care, the members of his family are informed.

If you're waiting for a home telephone

... you naturally want to know how soon we can fill your order.

We wish we could tell you but the fact is that it depends on these two things:

1 The extent to which present subscribers may decide to give up service, thus releasing central office equipment, instruments, outside wires, etc.

2 The extent to which manufacturing facilities and manpower, new and released equipment, are available after the needs of war are met.

Meantime, we promise you this: Your application will not be forgotten and it will be filled in the proper turn.

Output of Arms 4 Times Foes'

United States-Britain Hit Prodigious Rate—Civil Productions Soon.

WASHINGTON. — The munitions output of the United States and the British Empire "has reached the prodigious rate of nearly four times that of the Axis," the combined production and resources board said in a report on its second year of operations, says the New York Herald-Tribune.

At the time of Dunkerque, the report said, the combined munitions output was "far behind that of the Axis," but two years later, in June, 1942, the British and American output doubled that of the Axis. It has gone ahead "at an ever-increasing rate."

The board predicted that there may be an over-all decline in munitions employment in the United States and Canada during the last months of this year which will exceed the concurrent manpower requirements of the armed services, thus making possible increased production of civilian and relief goods.

Priority for Military.
"Net additions to the armed services so far this year have equaled the number of workers released from industry," the report said. "The rate and character of the increase in non-military output, which may be permitted without endangering the war program, is now receiving careful study." The board warned, however, that "military programs, whether rising or falling, must continue to receive priority over any other production until the war has been won."

The board is composed of Donald M. Nelson, war production board chairman, for the United States; Oliver Lyttelton, for the United Kingdom, and C. D. Howe for Canada.

The report summarized the situation in materials as follows:
Machine Tools.—"For the first time since the beginning of the war there is capacity for machine-tool production in excess of current requirements." The United Kingdom, it was noted, is now paying cash for machine tools provided by the United States.

Programs Rising.
Basic Metals.—"Somewhat easier." Aluminum production is being curtailed to save fuel and manpower.

Coal.—"Curtailment of consumption in the United States 'could eliminate a substantial part of the combined deficit.'" The United States is now providing bunker fuel for British war transport vessels in Canada and Newfoundland, and is delivering coal-mining machinery to the United Kingdom in order to raise its output.

Textiles, pulp and paper, heavy trucks, transportation equipment and medical supplies are other items of principal concern to the joint supplies group, it was stated.

"The programs which are still rising are of crucial importance to the military operations which are now in preparation," the board warned.

Four 'Big Guns' on Isle

Were Wood, Pipe, Paper

ROME. — Four "heavy coastal guns" ranged directly on the Allies' forces that took the island of Levant, proved to be two pieces of stove piping, a large piece of painted wood and a piece of twisted cardboard painted to resemble a gun muzzle. This was revealed by a Canadian naval officer, Sub-Lieut. Scott Young, formerly employed in the Toronto and London bureaus of the Canadian Press, who participated in the bloodless assault. "This heap of rubbish was taken without a single casualty," he said.

The assaulting forces at the western end of the island found, instead of a powerful big gun, one 20-mm. gun pit. The crew surrendered at the first opportunity.

About 40 prisoners were taken. Most were Poles, who fired feebly over the heads of the landing parties. Then they helped the Allies to carry ashore supplies and ammunition and pointed out the mine fields.

German Thumbs His Way Back to Prison Camp

LISBON, N. H. — Johnny Hoffman, 32-year-old German prisoner of war who escaped from Camp Stark, thumbed a ride—right back to the prison camp, the Federal Bureau of Investigation announced recently. Mr. Hoffman was walking along Route 117 north of Lisbon late one night when he hitchhiked a ride from Police Chief Harry T. Andross, who recognized him as a German prisoner, and drove him directly to the town jail. From there he was taken back to the camp.

Penthouse Is Used For Raising Chickens

TOLEDO, OHIO. — There's one flock of chickens in Toledo that's up in the world.
Eleven-year-old David Dennis of nearby Maumee, Ohio, raises 25 chickens on top of his dad's garage—because his mother and two sisters objected to the spilling of their grasy, well-kept back yard with a chicken coop.
David compromised with the "penthouse."

Soldiers Plant Gardens And Grow Aleutian Flora

AN ALEUTIAN ISLAND BASE.—Arrival of orchid time in the Aleutians has converted hundreds of men, from GIs to generals, into ardent flower fanciers.

The orchids, miniature replicas of the lush, tropical flower, bloom profusely on protected hillsides, but are only one of a myriad of flowering plants which cover the grassy Aleutian slopes. Buttercups, wild iris, bluebells and lilies of the valley are among the more common blooms.

Many soldiers have well-kept flower gardens around the doors of their quarters, and flowers border the pathways. Vases with an assortment of blossoms brighten the corners of many huts, and it's not unusual to see officers of the post commander's staff returning from their weekly hike carrying flowers.

Amateur botanists found flowers on these islands markedly similar to species on the mainland. In general, the flowers are much smaller here—where growth is conditioned by the short summer season—and are more delicately scented or without any scent.

Flying Auto Comes Next Roscoe Turner Asserts

JEFFERSON CITY, MO.—Roscoe Turner of Indianapolis, former speed flier, predicted "flying automobiles" in the postwar future.

When his prediction brought a laugh from the Missouri American Legionnaires he was addressing, Turner said:

"I'm not kidding. These things have already been flown."

"Some day when you go in to buy a car, the salesman will ask whether you want it with or without wings. You'll be able to drive to the airport, attach the wings and take off. When you come back, you'll check the wings at the airport and drive back to your garage."

SOCIETY EVENTS

Workers to Help in Making Braille Books Needed, Says Speaker

There is a growing need for workers to help in making Braille books for the blind, Mrs. Oliver Olson of the Illinois Federation of Women's Clubs told the 30 members of the Antioch organization who assembled in the Haven Heights farm home of Mrs. A. F. Matthiesen, Bristol, Monday afternoon.

Courses for Braille workers are now being offered, Mrs. Olson stated, to fill this need.

Many of the Braille publications are now being turned out for servicemen whose sight has been lost or impaired, she explained.

Mrs. Joseph Horton, public welfare chairman, introduced the speaker, whose talk was entitled "Braille—Its Value and Importance."

Two groups of soprano solos by Barbara Madden, who was accompanied at the piano by Georgia Ray Drury, were greatly enjoyed.

Guests for the afternoon included Mmes. Robert Hardman, Irving Vaughan, D. N. Deering and C. J. Roeschlein.

Refreshments were served by the committee, which included Mmes. Paul Ferris, chairman, Mrs. A. H. Kaufmann and Mrs. George Anzinger, as well as Mrs. Matthiesen.

O. E. S. OFFICERS ARE ENTERTAINED AT ZION

Mrs. Henry Ferry, Zion, Ill., grand lecturer of the Order of Eastern Star of Illinois and past matron of Waukegan chapter, who has acted as instructor during the past year and also served in the same capacity during the two preceding years, was hostess to the outgoing officers at a party in her home Friday evening.

Those present included Mrs. Margaret Gaston, Ralph and May Kinrade, Oscar and Adah Hachmeister, Robert and Esther Wilton, Joseph and Myrtle Horton, Mmes. Selma Trieger, Harriet Davis, Ida Osmond, Mabel Solomon, Helen Carlson, Fern Lux, Sophia Hennings and Martha Hunter.

Charlotte Bell, a WAVE in the chaplain's office at Ft. Sheridan, was a guest.

Pinochle, 500 and a luncheon were enjoyed.

JOHN LYNN'S OBSERVE SILVER ANNIVERSARY

A number of relatives from this community were present at the silver wedding anniversary celebration held this Wednesday by Mr. and Mrs. John Lynn, 8315 North Wayne avenue, Chicago, whose marriage took place in St. Peter's Catholic church here Nov. 22, 1919.

Before her marriage, Mrs. Lynn was Miss Jane McDonough. Mrs. Alice McDonough Harvey of Little Silver Lake was her maid of honor.

Both of Mr. and Mrs. Lynn's two sons, John F. Lynn, seaman first class, and James, seaman second class, have been on active duty with the navy. John in the Atlantic theater of action and James in the Pacific.

Their two daughters, the Misses Mary Jane and Beatrice, were able to be present, however.

CHANNEL LAKE COMMUNITY CLUB TO HOLD CARD PARTY AND DANCE

The Channel Lake Community club will sponsor a card party and dance at the school on Tuesday, Nov. 28, at 8 o'clock. Bridge, 500, pinochle and bunco. Prizes and refreshments. Music for dancing furnished.

GUILD TO HEAR BOOK REVIEW

Mrs. E. J. Hays and Mrs. L. R. Van Patten will entertain the Women's guild and St. Mary's guild of St. Ignatius church, at the home of Mrs. Hays, Wednesday, Nov. 29 at 2 p. m. The Rev. A. D. McKay will review the book "Alternative To Communism" by E. Stanley Jones. Everyone is invited to attend.

GRASS LAKE P. T. A. TO SEE MOVIES DEC. 15

Motion pictures on "Safety" which were to have been shown by a representative of the Public Service company at a meeting of the Grass Lake Parent Teacher association Friday evening, are being postponed until a meeting Dec. 15, in order that a suitable projector may be secured. A talk on "Safety" was presented at the meeting Friday evening, however.

Forty members and visitors were in attendance.

Mr. and Mrs. J. Osborn of Ludington, Mich., spent the past week with Mrs. Clara Willett and son, Pvt. F. Harry ("Bill") Willett, who is home on furlough from Santa Rosa, Calif. Mrs. Osborn is Mrs. Willett's sister.

Sixteen were present at a bridge party at which Mrs. Maud E. Sabin and Mrs. Dora Sabin entertained the Past Matrons' club of the Antioch Eastern Star chapter last Thursday evening in the former's home. Honors went to Mmes. Bessie Trieger, Ida Osmond, Esther Wilton and Jean Ferris.

We are now taking orders for Evergreen Christmas wreaths and Evergreen Christmas wreaths. Pollock's Green House, tel. Antioch 258-W.

Although the Illinois shooting season on ducks and geese will continue until Jan. 1, goose hunting in Alexander county is under special regulations. The converging of two great rivers and an abundance of feed make Horseshoe Lake, in Alexander county, a favorite stopping place for Canadian geese on their southern flights.

When the Illinois season opened in mid-October, it was announced that goose shooting in Alexander county would be halted when an estimated total of 6,000 geese had been killed. That point has been reached, and the restriction against further goose hunting became effective Nov. 17.

The season for rails, sora and gallinules (except coots) will close throughout the state at sunset Nov. 30.

Mrs. Pearl Whitcamp, worthy matron of Easter chapter, North Chicago, will be the installing organist, and William Ehnert, past worthy patron of Easter chapter, will be installing soloist.

Three past patrons of Antioch chapter, Arthur Rosenfeldt, William Anderson and W. C. Petty, are to be the escorts. Luster Badger will act as color bearer and will give the Ode to the Flag.

Mrs. Verna McClure, Gurnee, a grand lecturer of the state of Illinois and past matron of Waukegan chapter, will be the instructress. The installation will start at 8 o'clock and will be open to the public.

PARENTS OF SON
Mr. and Mrs. Wendell Nelson are the parents of a son born Monday, Nov. 20, at Woodstock Memorial hospital, in Woodstock.

CHARLES F. RENICH HAS GOLDEN WEDDING ANNIVERSARY
Their friends in the Antioch area are joining with those in McHenry county in extending felicitations to Mr. and Mrs. Charles F. Renich of Woodstock, Ill. Publisher Renich has been the owner and publisher of the Woodstock Sentinel and the McHenry Plaindealer for many years. Both he and Mrs. Renich, who before their marriage Nov. 14, 1894, in Barrington, was Miss Lucy H. Hennings, have served as postmasters at Woodstock in the past. They have been residents of that city throughout their married life.

The Woman's Society of Christian Service of Lake Villa church will serve roast chicken with all that goes with it, at the church dining room on Wednesday, Dec. 6. Serving will begin at 6:30 and continue until all are served. The ladies have an assortment of rugs, aprons, neckties and novelties for sale and will appreciate your patronage. Remember the place—The Community church, and the date, Dec. 6, 1944.

Mrs. P. J. Hurtgen, Jr., and son Peter, III, are guests of Mrs. Maud Hurtgen this week and will remain for the Thanksgiving holidays. Capt. P. J. Hurtgen is serving in the armed forces, somewhere in England.

We are now taking orders for Evergreen Grave blankets and Evergreen Christmas wreaths. Pollock's Green House, tel. Antioch 258-W.

Miss May Hartley, left Wednesday for her home in Aledo, Ill., where she will spend Thanksgiving holidays with her father.

Mr. and Mrs. S. B. Nelson and grandson, Craig, left Monday for a week's visit with relatives in Moline, St. Louis and Gorham.

Michael Golden returned home last Wednesday from St. Theresa hospital, Waukegan, where he has been for the past several weeks.

Dr. and Mrs. Earl James Hays will have Mrs. Evelyn Hutton and Joseph McKinney, of Chicago, as guests for Thanksgiving dinner.

"Green Thumb" Contest Winners Are Announced

John Hodge of Mundelein has been announced as winner of the \$50 war bond for first place in the adult division of the Lake County Green Thumb Victory Garden contest. Eleanor F. Stewart, chairman of the garden committee announces.

Harold Loefer, Prairie View, is to receive a \$25 war bond as high school group winner and Elmer L. Stone, Grayslake, a \$25 war bond as elementary school winner. All contestants will receive certificates of award.

The committee found it difficult to reach a final decision, the chairman states, as the books submitted revealed the existence of many fine gardens.

Plans are being made to continue with the Victory Garden program during 1945.

Mr. and Mrs. Frank Stott have taken over the Dew Drop Inn, Highway 21783, operated for about 20 years by Rudy De Groot, Salem, Wis. De Groot, who also operates an ice business, is devoting his time to the latter enterprise.

Post Office Department Requests Early Mailing

Postmaster Roy I. Kufalk calls attention to the following announcement, received from Washington, D. C.

Public response to the Post Office department's "Shop Now! Mail In November" campaign is good but needs to be better, according to Postmaster General Frank C. Walker.

"Extraordinary wartime conditions face us," Walker said. "Unless more people buy and mail this month the postal service cannot do its best job of delivering all Christmas gifts on time."

"It is not pleasing to us to have to ask the American people to mail packages so far in advance of the delivery date. We do so only because it has to be done. The job is a tremendous one, but we are confident that it will be done because we know from experience that given sound reasons Americans co-operate magnificently."

"Unprecedented shortages of manpower and transportation facilities growing out of the war compel early

mailing. The postal service has given 50,000 experienced employees to the armed forces and 300,000 railroad workers have gone to war. Equally serious is the fact that rail and other transport facilities are taxed to the limit with the great burden of war traffic which all of us know must take precedence.

"In a great number of our 43,000 post offices the manpower situation is critical. The 200,000 extra workers whom we normally recruited to handle the swollen Christmas volume of mail were able to work long hours of overtime and to do heavy work. This cannot be expected from the women and high school boys and girls to whom in large part we must look this year to meet the situation."

"The way in which everyone responded in making it possible for us to handle a volume of 70,000,000 parcels for the armed forces overseas leaves no doubt in my mind that the November Christmas mailing will be equally successful. I ask for the help of the press, radio, business advertisers, civic groups and all Americans in making it possible for the postal service to do its work."

"We urge everyone to buy now, mail in November and mark gifts 'Do Not Open Until Christmas'."

Dr. A. T. Stephenson of Chicago, a former district superintendent, will be guest pastor and occupy the pulpit at the Community church next Sunday morning at 11 o'clock. He will be very welcome and you will enjoy meeting him.

The young people's group will meet at the church next Sunday evening at 7:30 for their weekly discussion period and social time.

The special service at the church last Sunday evening for the dedication of two new flags—the American flag given by the men of the former Lions club, and the Christian flag given by the Women's Society of Christian Service was well attended and the special music furnished by the soloist, Mrs. Itepp, and the Men's quartette, all of the Bethany church in Chicago was especially worthy of mention. The Grayslake American Legion Post gave the dedication of the American flag, and Mrs. C. Hamilton, for W. S. C. S. presented the Christian flag.

Mr. and Mrs. Gunnarson entertained

the group of musicians who came out from Chicago for the dedication services Sunday evening, at a dinner party at their home at Fourth Lake. Among the group were Mrs. Gunnarson's sister, Mrs. Lindemann and husband, Mr. Lindemann is a member of the men's quartette.

Mrs. Ollie Wallace has gone to stay with her daughter, Mrs. Rita, in Grayslake for a while.

The Lake Villa Red Cross unit for making surgical dressings finished their 1944 quota at an all day meeting last Thursday at the school and the twenty workers present made 1025

dressings. Since starting in March, 1944, they have made more than 21,000 dressings and have put in 1015 hours. When the new quota comes in for 1945 they will be ready to start again.

Mrs. Anna Nader was pleasantly surprised Sunday evening when a few friends and relatives came in to help her celebrate her birthday.

Mr. and Mrs. Niel Itedel, Mr. and Mrs. Arthur Haley and Mr. and Mrs. Lawrence Thayer were in Chicago Sunday evening to see the hockey game.

Richard Willson, the last of the Willson brothers, passed away quite suddenly at his home last Sunday. Only a week ago Mr. and Mrs. Willson quietly observed their 55th wedding anniversary. The funeral services were held at the home on Wednesday afternoon, with the Rev. De Vries of the Lake Villa Community church conducting the service.

The Woman's Society of Christian Service will serve roast chicken with all that goes with it, at the church dining room on Wednesday, Dec. 6. Serving will begin at 5:30 and continue until all are served. The ladies have an assortment of rugs, aprons,

Mackerel Fishery

Although the present yield of the Atlantic coast mackerel fishery is about 60,000,000 to 80,000,000 pounds annually—of which the United States takes about three-fourths and the Canadian fishery the remainder—the catch has sometimes fallen as low as 13,000,000 pounds. The largest catch ever made was landed in 1904—234,000,000 pounds.

ON TO TOKYO!

Let's all get behind the greatest
march in history—the march to
Tokyo—and victory!

On countless invasion fronts,
thousands of your fighting men are
taking up the battle cry: "On to
Tokyo!" We've got to back them
up with what it takes for complete
victory. Remember, the supply lines
in the Pacific are long and your
fighting men will need more ma-
terial than was required for the en-
tire European invasion to crush the
Jap foe.

Let's Echo that cry with BONDS!

Our boys won't quit until they've reached their
goal. Let's not stop buying Bonds until we've
reached *ours*! In this 6th War Loan Drive, the
Nation's goal is \$14,000,000,000—our indi-

vidual job is to buy at
least an extra \$100 Bond
—another and then an-
other—let's keep on
going—let's keep on
buying—let's keep on
saying it with Bonds—

Predicts Increased Investment By American Farmers During Sixth War Bond Campaign

WASHINGTON, D. C. — A prediction that American farmers will invest more money in bonds during the Sixth War Loan than in any previous drive was made today by the War Finance Division of the U. S. Treasury.

Farmers bought \$1,250,000,000 worth of War Bonds during 1943, according to the Bureau of Agricultural Economics. In 1944 it is believed they can and should purchase a total of \$2,000,000,000, Ted R. Gamble, national director of the War Finance Division, said.

Income at Peak
The Sixth War Loan, starting November 20, comes at an ideal time for agriculture, he pointed out.

This is not only the time when farm income is at a seasonal peak, but 1944 marks three years of record breaking farm income, he said.

Based on information obtained from the BEA, the Agricultural Section of the War Finance Division estimates the 1944 cash farm income at \$20,000,000,000, compared with \$20,000,000,000 in 1943.

Although net farm income, due to higher operating costs, may not be greater than in 1943, most farmers now have reduced their debts and consequently will have more money to put into War Bonds, the division reports.

In the twelve months ending January 1, 1944, farmers reduced real estate mortgages alone by \$650,000,000.

Bank Deposits Gain
After paying all operating costs and necessary family expenses, farmers will have left this year for investment and debt reduction over \$5,000,000,000, the Agricultural Section also estimates.

Because of the fact that new machinery is not obtainable, farm deposits are piling up in rural banks. Demand deposits held by farmers in these banks are estimated at \$4,500,000,000 and time deposits at \$2,000,000,000. Since the new method of redeeming Series E Savings Bonds

making them as liquid as a dollar bill it is no longer necessary for the farmer to maintain a large bank account to meet possible emergencies, Mr. Gamble stated. Therefore, he believes, farmers will convert part of these deposits into War Bonds.

making them as liquid as a dollar bill it is no longer necessary for the farmer to maintain a large bank account to meet possible emergencies, Mr. Gamble stated. Therefore, he believes, farmers will convert part of these deposits into War Bonds.

Ted R. Gamble

War Bond purchasers will provide a farm financial reserve to protect against damage by drought, flood and livestock disease, will assure cash to replace and repair buildings and machinery as well as to build back soil fertility depleted by wartime food production, and will provide funds for education, vacations and old age security.

The high farm income this year is the result of the huge increase in farm production to meet wartime food needs rather than a rise in prices, which have been held down by the OPA it was explained.

Mr. and Mrs. Earl Harm, was baptized at the home Sunday afternoon by Rev. John A. Gable of the Richmond Lutheran church. Sponsors were Mrs. Flavia Ehlert and Melvin Harm.

Mrs. Herman Frank and children were dinner guests Sunday of Mrs. Bertha Harm, and called with Mrs. Harm Sunday evening on Mr. and Mrs. Earl Harm.

Union Free High School

The school will be closed for the

Thanksgiving holiday on Thursday and Friday.

Norris Farm basket ball team was defeated 37-18 at the opening game of the season Friday evening. The B squad defeated Norris Farm B team 21-7. This Tuesday evening the teams play Union Grove at the gymnasium at St. Bonaventura's in Sturtevant.

Six weeks' examinations are being held this week and report cards will be issued next week.

Pic. Donald Johnson is home with his mother, Mrs. Josephine Johnson, on furlough from Drew Field, Tampa, Fla.

Don Herrick, Oak Park, was at the home of Mr. and Mrs. Harry McDougall for the week-end.

Mrs. Harry McDougall spent Monday and Tuesday in Chicago and called Monday evening on Mrs. Vivian Rasmussen at St. Anne's hospital.

There will be mass at 9:00 a. m. at the Holy Name church Thanksgiving morning.

The Surgical dressing unit of the Red Cross at Wilmot will not meet again until Wednesday, Nov. 29.

Smart Farmers are saying, "I'll take my Fertilizer now!"

"I used to wait until spring to buy my fertilizer. But times have changed! Today there is a shortage of labor for handling deliveries; potash and phosphates are in greater demand than available supplies can take care of. Every farmer will want to step up yields again next year. I know, from long experience, that the best way to do this is with ANTIOCH MLG. CO. SOIL BUILDERS. I've seen how it increased yields of corn selected year after year for National and State Corn Husking Contests. It's my first choice among fertilizers.

"No one can tell what delays or other shortages we may have this spring. I am changing my buying habits and getting ANTIOCH MILLING CO.'s fertilizer NOW."

Antioch Milling Company Is Ready for You

We can supply you with 3-12-12 for Dec. 1944 delivery.

It's a wise farmer who takes his spring fertilizer NOW. Shortage of hands for shipping, trucking—combined with uncertainty of product restrictions, warrant storing spring fertilizer on the farm. Our Fertilizer in moisture-resisting 80-lb. Handiwater paper bags is easy to handle and easy to store. Don't wait and hope to get it in the spring. Take your fertilizer NOW and avoid delays or disappointment when you are ready for planting. We suggest your calling on us NOW.

No frozen or icy water for the thirsty cattle on the Red Top Farm near Libertyville. This immersion-type stock tank water heater keeps their drinking water at the proper temperature.

Another type of water heater is this combination hog and cattle waterer used in connection with the pressure water system on the Levi Loder farm near Bedford.

Together with other modern electric equipment, stock tank water heaters are helping Northern Illinois Farmers in their big war job—feeding America.

It's a well-known fact that milk production falls off during cold snaps. One important reason: Cows are reluctant to drink cold or chilled water. Since milk is about 87% water, it is easy to see why cows give less when they drink less.

By using a Stock Tank Water Heater, water can be kept at a drinkable temperature all winter long. There are several types of tank heaters (some farmers have even made their own) that prevent water from freezing, take the icy chill out of it, and thus encourage animals to drink more often and more fully of the water that makes milk, fattens livestock.

Take a tip from the Red Top Farm, keep a constant supply of fresh, pure water available to your herd at all times... and keep it at a drinkable temperature during the cold months with a Stock Tank Water Heater. It's one of the best ways to keep livestock production rising when the temperature is falling.

Find Drug to Aid Fight on Leprosy

New Weapon in Long War Is One of Sulfones.

CARVILLE, LA. — The medical world may have a new weapon in its fight against leprosy in promin, a new sulfonamide derivative and a relative of the now famous sulfa drugs, or some promin successor.

Promin resulted from weary months of research by Dr. Louis Brambas, chemical engineer, bacteriologist and chemist. He put together atoms of nitrogen, carbon, oxygen, sulphur and sodium—and the resulting yellow powder was given the name promin.

The new drug is one of the sulfones, second cousin of the sulfonamides and a family long overshadowed by the sulfas' spectacular rise to medical prominence.

In a group of 22 patients, each was given promin intravenously daily, except Sundays, for a year. Two-week rest periods, during which they got no injections, were observed three times. They were pilled with liver and iron to ward off anemia, the most troublesome manifestation resulting from promin injections.

Results showed that 15 cases definitely improved; the condition of six remained stationary, and only one showed any signs of growing worse.

In another experiment, 46 sufferers took a course of from two to 11 months. Twenty-six showed objective improvement. In 17 the conditions were stationary, and only three patients grew worse.

Normal skin began to replace coppery leprosy patches. Open sores healed. Throat and nasal lesions, which clog these passages and cause suffocation, began to subside, and leprosy lesions of the eye, threatening blindness, cleared up.

Save 430,000 Man Hours By Ideas of Employees

NEW HAVEN, CONN. — A total of 430,000 man hours have been saved in the manufacture of guns and ammunition by ideas, suggestions and inventions of employees of Winchester Repeating Arms company, it was announced by the war production board.

Nineteen national awards made by the WPB in recognition of the ingenuity of Winchester employees, is the highest number ever accorded a single war plant at one time.

Although the saving in man hours was distributed throughout the plant, Thomas I. S. Book, works manager, stated it was equal to the production of 30 million rounds of 30-caliber cartridges, or 24,000 Garand rifles or 37,000 Winchester carbines. Almost three-quarters of a million pounds of brass also was saved by employees' suggestions. This saving is the equivalent of more than 35 million cartridges for the new carbine. Mr. Book said.

Got a Franc, Yank?

French Kids Chant

WITH U. S. TROOPS IN FRANCE.—In England children ending sweets from the troops had two chants: "Got any gum, chum?" "Got candy, handy?"

Sergeant Adolph Schott of Saginaw, Mich., says French kids have a new version.

"They are learning to yell, 'Got a franc, Yank?'" he said.

Keep Hand Free

No ladder should be used for any job which requires the use of both hands. One hand should be free at all times to allow a firm grip on the ladder. Do not go up or down a ladder without free use of both hands. If material has to be handled, use a rope. Workers should not ascend higher than the third rung from the top on straight or extension ladders, nor more than the second rung from the top on step-ladders.

Name for Hitler

Pan was the name the Greeks gave to their mad imp-god who jangled people's wits. Mortals who did wild, insane things when their lives were threatened, were believed bewitched by the dreaded evil spirit of Pan. And Pan-ic remains one of the most dreaded symbols of mass psychosis in the minds of public officials charged with the safety of crowds.

Wetcleaning Process

Wetcleaning is a drycleaning plant process for removing water-deposited soil resistant to drycleaning solvent. The faster a garment is wetcleaned and dried the easier treatment is on colors and the less inclined a garment is to shrink.

Potato Nourishment

Potatoes can provide as much as 25 per cent of an average person's vitamin C needs, together with the B vitamins, iron, phosphorus and other minerals, good quality protein and starch which is a fuel food.

Historic Route
Historians say that the great diagonal valley that extends southwest from Green Bay to Prairie du Chien is perhaps the greatest topographical feature of Wisconsin. The Indians had been using this route for centuries before the coming of the white man, and in times of high water it often was possible at one point for them to paddle from the Upper Fox river to the Wisconsin without portaging their canoes. This route served as the chief communications system of the Colonial French Empire from Montreal to New Orleans.

IT TAKES PLENTY OF WAR BONDS TO BUILD B-29s

THE WAR in the Pacific is the most costly war America has ever engaged in. It's simple arithmetic. A mountain of special, costly equipment is needed. A B-29 Superfortress used in the bombing of Japan costs \$600,000 in War Bonds. And this is just one of the many extra costly imple-

ments of war needed to achieve final victory in the Pacific.

That's why the 6th War Loan Drive is so important. That's why you must back it as generously as you have every other war loan drive. Invest in the next raid on Japan....
